

CO₂OL Certificate

German Aerospace Center (DLR)

No.: CO2OL-67895/2018

This is to certify that by the

DLR CONFERENCE ON CLIMATE CHANGE 2018

emitted carbon dioxide emissions amounting to

46 tons CO₂-equivalent

were compensated through the high-quality CO₂OL climate protection project portfolio

„CO2OL CLiMates- Marshlands and forests for our climate“

The portfolio, consisting of a climate protection project in Germany to rewet peatlands and an internationally recognised Gold Standard reforestation project in Ethiopia, makes it possible to combine climate protection on the doorstep with support for people in developing countries.

Bonn, 24.05.2018
